

ez CUT

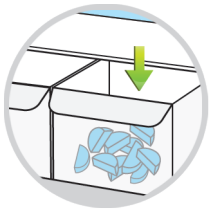

Automatic Tablet Cutting System

AUTOMATED CUTTING AND COUNTING FOR VARIOUS SHAPES OF TABLETS

Automatically identifies, cuts, and counts different shapes of tablets including round, oval, and oblong without cutting to go through the registration process.

* ezCUT may not support tablets in special shape or smaller than 2mm, and soft tablets.

TABLET COUNTING

Allows to count tablets with a simple operation without the need of canister.

CLEAN FILLING

Offers a clean and safe prescription environment with automated cutting.

USER-FRIENDLY INTUITIVE CONTROL PANEL

The intuitive touchscreen control panel helps to increase the work efficiency.
